

Product End-of-Life Notification

Rev 1.0

Daheng ME2S-1260 MARS1261

Date	July 10, 2026
Subject	VA Imaging would like to inform you that the XGS12000 image sensor used in the camera models listed below is approaching the end of its product lifecycle. As a result, Daheng Imaging has initiated the End-of-Life process for these cameras.
Reason	XGS12000 sensor discontinuation
Manufacturer	Daheng Imaging
Affected products	ME2S-1260-9GC-P ME2S-1260-9GM-P ME2S-1260-28U3C ME2S-1260-28U3M MARS-1261-90GTC MARS-1261-90GTM MARS-1261-90GTC-NF MARS-1261-90GTM-NF
Alternative	Sony IMX304 & Sony IMX253 are considered alternative sensors. With comparable resolutions, but a slightly larger pixel size.
EOL date	Daheng Imaging expects the cameras to be discontinued approximately around June 2027. The exact last availability date has not yet been confirmed.
Recommendations	Due to their planned discontinuation, VA Imaging does not recommend designing these camera models into new systems that require long-term product availability and support. Cameras supplied before discontinuation will remain covered by the standard three-year warranty, subject to the applicable warranty terms and conditions. VA Imaging can assist in evaluating your application requirements and identifying a suitable alternative. Please contact your VA Imaging Account Manager for support with Last Time Buy planning and selecting a replacement camera for your project.

VA Imaging is always working on updating and improving its portfolio to leverage the possibilities of the latest technologies to meet the requirements of our customers.

Kind regards,

VA Imaging

The information provided in this documentation contains general descriptions and/or technical characteristics of the performance of the products contained herein. This documentation is not intended as a substituted for and is not to be used for determining suitability or reliability of these products for specific user applications. It is the duty of any such user or integrator to perform the appropriate and complete risk analysis, evaluation, and testing of the products with respect to the relevant specific application or use thereof. Neither VA Imaging nor any of its affiliates or subsidiaries shall be responsible or liable for misuse of the information contained herein or incorrect information in this document.
